**Silicon Valley Council of the Blind
(SVCB)**

**Monday May 18 through
Tuesday May 19, 2020**

11 AM – 8 PM

About SVCB

We are a membership organization of over 60 members, who are blind or visually impaired, as well as our families and friends. We reside chiefly in Santa Clara County. Our mission is to improve the quality of life for all persons with vision loss through advocacy and mutual support. Specifically, we strive to:

- ◆ Educate both the public and ourselves about the capabilities and responsibilities as well as the special needs of persons who are blind or visually impaired
- ◆ Work jointly with other organizations who share our goals
- ◆ Foster the development and dissemination of computer technology, which can improve the quality of life of persons who are blind and visually impaired.

You can aid us and yourself by joining the Silicon Valley Council of the Blind for some hearty dining, warm fellowship, and a chance to help fund our annual access technology grant. This grant can be awarded to any blind or visually impaired resident of Santa Clara, Alameda, San Mateo, Santa Cruz, or San Benito Counties, to improve his/her quality of life.

About the Grant

SVCB's Barbara Rhodes Access Technology Grant is intended to help individuals afford access technology, which can be a financial hardship. Potentially, the grant might fund any of the following items:

- ◆ Computers and appropriate access software.
- ◆ Braille notetakers and displays.
- ◆ Accessible bar code readers.
- ◆ Accessible cell phones.
- ◆ Magnifying systems.
- ◆ Hearing aids and audiologist fees.
- ◆ Mobility aids and instruction.
- ◆ Accessible medical aids.

Thanks for all of your support. It is greatly appreciated.
